

## The Rising of The Beast Out of The Sea, Part 5

Shalom family. First and foremost, it is an honor to give all praise and glory to the ***awe-inspiring*** Mind that has caused us to be here, in these bodies, this day. Praise יהוה! What a blessing it is to be chosen out of over 6 billion people on the face of the earth, as one who is able to behold, perceive, and gain insight into the coming of the Messiah, יהוה בן יהוה. Just as we see יהוה בן יהוה, the day is fast approaching when *every eye* shall see, know, and perceive Him; and a time when all nations, all people, all kindreds, and all tongues shall come up to worship the King of Israel, יהוה בן יהוה. To know that the few of us who are sitting in this room today have been chosen out of all the people on the face of the earth to praise Him this very moment should make you feel all gleeful and light-hearted on the inside. It should give you goose bumps just to think about it. We serve a Mighty God who deserves to be praised, so let us give praises to our Father, יהוה בן יהוה. Praise יהוה!

Welcome to the ***Twenty-third Annual Feast of Tabernacles***, and also welcome to part five of this seminar, entitled, “***The Rising of The Beast Out of The Sea.***” We shall begin this seminar with our foundation Scripture from the Book of Revelation, Chapter 13, verse 1:

***And I stood upon the sand of the sea, and saw a beast rise up out of the sea, having seven heads and ten horns, and upon his horns ten crowns, and upon his heads the name of blasphemy.***

In this session, we shall be decrypting the final clause of this Scripture, which reads, “...***and upon his heads the name of blasphemy.***” We shall start our research of this “encrypted” clause by examining the first word, “and.” According to *Encarta World English Dictionary*, copyright 1999, on page 61, **and** is characterized as, “a conjunction used to indicate an additional situation,” while **conjunction** in *Thorndike Barnhart Junior Dictionary*, copyright 1968, on page 131, is “a word that connects clauses.” From this bit of information, we are gaining insight into the fact that the

clause, “...and upon his heads the name of blasphemy” is an additional situation that is connected to “...and upon his horns ten crowns...,” --the previous clause.

In the previous clause, “...and upon his horns ten crowns...,” it was brought to our immediate attention that the wars in the Middle East are for the sole purpose of giving the **beast** of Revelation, Chapter 13, verse 1--who was factually proven to be President George W. Bush in previous seminars--the power and authority to cause ALL of the Middle East (mainly consisting of the religion of Islam) to adhere to the doctrines and beliefs of Christianity. This, we told you, constitutes a ***holy war***.

However, irrefutable documentation concluded that this ***holy war*** occurring in the Middle East is neither about the Middle East, nor is it about the Islamic people. Rather, it is a *subliminal* sign of the real war that is forthcoming against the Saints of Revelation, Chapter 13, verse 7. Revelation, Chapter 13, verse 7 tells us that it was given unto the beast, President George W. Bush, to make war with the Saints. We validated

that the Saints, as described in this Scripture, are the **true** Israelites, the chosen people of יהוה, the Nation of יהוה.

Now that we have established these facts, let us see how **“...and upon his heads the name of blasphemy”** connects to this holy war against the Saints of the Nation of יהוה.

Again, the word “and” means “a conjunction used to indicate an additional situation.” In continuing our research of the word “conjunction” (which came from the word “and”), it was defined as “a word that connects clauses.” We shall proceed to decode the word “connects.”

**Connect**, the singular of connects, as documented in *Webster’s Universal College Dictionary*, copyright 1997, on page 172, is defined as, “to have as an accompanying feature.” **Accompany**, the root of accompanying, is found in Webster’s *New World Dictionary of the American Language*, College Edition, copyright 1960, on page 9, as meaning, “to go along with.” Therefore, we can solidly affirm that “and” is connecting the clause, **“...and upon his heads the name of blasphemy,”** and it goes along with **“...and upon his horns ten crowns...,”** as a feature to this **holy war** that is forthcoming against the

Saints of the Nation of יהוה. We must now determine what the word “feature” means, from the definition of connect, stemming from the definition of conjunction, coming from the word “and.”

*Webster’s New World Dictionary of the American Language*, College Edition, copyright 1960, on page 293, attests to the fact that **feature** is “something offered as the main attraction.” In *The Synonym Finder*, by J.I. Rodale, copyright 1978, on page 803, **offer** is synonymous to “set before.” Thus, the clause, “...**and** upon his heads the name of *blasphemy*” will be something that shall be set before the public, about the Saints of the Nation of יהוה, as a *main attraction*.

*Thorndike Barnhart Junior Dictionary*, copyright 1968, on page 391, describes **main** as being “most important,” while, **attraction** is defined in *Webster’s Universal College Dictionary*, copyright 1997, on page 51, as “an entertainment offered to the public; spectacle.” Hinging on these facts, we can confirm that President George W. Bush shall set before the public, entertainment about us, the Nation of יהוה, that “he” considers

most important for the world to see. Furthermore, this entertainment shall be designed to make us a spectacle before all the world.

At this time, we shall examine the word “entertainment,” first, and then the word “spectacle,” in order to gain a further understanding of how this holy war against us shall take place. We are in the process of defining the word “feature,” from the definition of connect, which meant an “accompanying feature.” All of which is stemming from the definition of “and” (“a conjunction used to indicate an additional situation).

**Entertainment**, referenced in Webster’s *New World College Dictionary*, Fourth Edition, copyright 2000, on page 474, denotes something “interesting.” **Interesting**, on page 744, means, “exciting curiosity.” These definitions help give credence to the fact that not only shall this entertainment be considered most important for the world to see, but it shall also be something to excite their curiosity. Let us dig deeper into this truth by defining the word “curiosity.”

*Merriam Webster’s Collegiate Dictionary*, copyright 1999, on page 284, defines **curiosity** as “marked by a desire to

investigate.” *The Black’s Law Dictionary*, Abridged Seventh Edition, copyright 2000, on page 605, validates that **investigate** means, “to make (a suspect) of criminal inquiry.” Hence, this is inferring that the entertainment that shall set before the public to excite their curiosity shall be to target us in the public eye as a *suspect*.

**Suspect**, according to *Chamber’s 21st Century Dictionary*, copyright 1996, on page 1424, means, “to think (a particular person) possibly guilty of a wrongdoing.” What is wrongdoing? *Merriam Webster’s Collegiate Dictionary*, copyright 1999, on page 1368, implies that **wrongdoing** is “an instance of doing wrong.” In the same aforementioned source, on the same page, **wrong**, is equivalent to, “violate and defraud.” Referenced in *Black’s Law Dictionary*, Abridged Seventh Edition, copyright 2000, on page 1268, **violation** is, “a breach of the law,” while **defraud**, in Merriam Webster’s Collegiate Dictionary, copyright 1999, on page 303, is defined as, “to deprive of by fraud.” **Fraud**, on page 464, is “intentional perversion of the truth.”

Thus, President George W. Bush, euphemistically called the beast in Revelation, Chapter 13, verse 1, shall make us appear as a suspect, because he shall deem us before the public as being guilty of intentionally perverting the truth, and in breach of the law. Subsequently, this shall subject us to a criminal inquiry and, furthermore, cause our Nation to be a spectacle before the world.

Now, we shall decode the word “spectacle,” which is the second definition of “feature,” from an “accompanying feature,” (which was the definition of connect, deriving from the word “conjunction,” stemming from “and” in the clause, “...**and** upon his heads the name of blasphemy”). Documented in *Encarta World English Dictionary*, copyright 1999, on page 1719, **spectacle** is affirmed as “an impressive display, especially something staged.” We have factually solidified that what President George W. Bush shall set before the public, so as to cause the public to believe that we are guilty of perverting the truth and breaching the law, shall be nothing more than an impressive display that shall be strategically “**STAGED.**”

Before we can understand how he shall stage this impressive display, it is paramount that we understand what an “impressive display” is. *Chamber’s 21st Century Dictionary*, copyright 1996, on page 679, states that the word **impressive** means, “capable of making a deep impression on a person’s mind.” On the same page, **impression** is “a vague thought.” Found in *Encarta World English Dictionary*, copyright 1999, on page 1960, **vague** is defined as, “unverified; not properly validated or having no clear or identifiable source.” From these facts, we can reasonably assert that the display that President George W. Bush shall present to the public shall deeply impress upon the minds and thoughts of the people that we intentionally pervert the truth and breach the law. However, all that shall be stated before the public about us shall be unverified: meaning, these statements shall not be properly validated, neither shall they be based on clear or identifiable sources as to their authenticity.

We just defined the word “impressive” from the definition of spectacle, which meant “an impressive display, esp. something staged.” We shall now define “display,” as we are

still examining the word “feature,” from the word connect, which came from the definition of conjunction, which derived from the definition of “and.” *The Cassell Concise Dictionary*, copyright 1998, on page 385, defines **display** as, “view.” On page 1582, **view** means, “to watch on TV; a scene recorded in photograph or picture form.” In light of these definitions, we can see clearly that President George W. Bush-- euphemistically called the beast in Revelation, Chapter 13, verse 1--shall send forth this unverified information over international TV to make an impression upon the minds of the people. Additionally, the public shall be shown scenes recorded of us in photograph or picture form as a back up to support this unverified information. However, our documentation proves that what the public shall watch on TV shall not be factual; and the scenes that shall be shown of us, the Nation of יהודה, in photograph or picture form shall not be credible. Why? Because our intelligence verifies that ***THIS SHALL “ALL” BE STAGED!***

Let us look a little further into this, by examining the word “view” from yet another perspective, as we are defining

the word “display,” from the definition of spectacle, which meant “an impressive display, esp. something staged.” In *The Synonym Finder*, by J.I. Rodale, copyright 1978, on page 1318, **view** is synonymous to “**design**,” which on page 281, is tantamount to “**fashion**.” **Fashion** is described in *Merriam Webster’s Collegiate Dictionary*, copyright 1999, on page 1169, as “to give shape or form to; to make or construct usually with the use of imagination and ingenuity; faction.” This really puts the icing on the cake. Here, we see that President George W. Bush shall give shape or form to what he thinks about us over international TV, and by the use of photographs or pictures. He shall make and construct this falsity using his imagination, but more specifically, using great ingenuity. We shall now define ingenuity and faction. First, “ingenuity.”

In the same reference source, on page 600, **ingenuity** is “inventiveness.” And **inventive**--the base of inventiveness, according to *Bartlett’s Roget’s Thesaurus*, copyright 1996, on page 487, under the reference number 522.11--is equivalent to “high technology; computerized.” This information explains the way in which President George W. Bush shall give shape or

form to what he thinks about us using his imagination, along with high technology and sophisticated computerizations to **stage** this event. He will do so by manipulating what will be shown on TV, and spliced photographs or pictures of us. This manipulation using high technology and sophisticated computerizations shall be for the sole purpose of convincing the public that we intentionally pervert the truth and breach the law. Do not be shocked if you turn on your TV, or get your paper from the front porch, and you see the Nation of יהודה as the headline news. Do not even be shocked if you see your face or a fellow brother or sister--just remember, it is all "staged." Praise יהודה. Now the word, "faction."

The *Webster's New World College Dictionary*, Fourth Edition, copyright 2000, on page 515, defines **faction** as "a blend of fact and fiction; a kind of fiction based on or incorporating recognizable historical events, real people, etc." Also, *Webster's Universal College Dictionary*, copyright 1997, on page 287, delineates **faction** as "a form of writing or filmmaking that treats real people or events in a 'fictional' account." Therefore, President George W. Bush,

euphemistically called the beast in Revelation, Chapter 13, verse 1, shall use a deceptive form of writing and filmmaking to give credence to what he thinks about us, the Nation of יהוה, by using high technology and sophisticated computerization. In addition, using **real people** from within our nation, he will use **historical events**, such as our claim to be the chosen people of the Bible and our Biblical feasts that we observe, to **stage** a *fictional* (made-up) account about us. All of this will be to convince the public that we intentionally pervert the truth and breach the law.

Before we move on, let us bring everything into perspective. We are defining **and**, from the clause “... **and** upon his heads the name of blasphemy...” and we told you it was a conjunction used to indicate an additional situation.” A **conjunction** was defined as “a word that connects clauses. **Connect** was defined as “to have as an accompanying feature.” The word **feature** was described as “something offered as the main attraction”; main attraction had to do with public entertainment and spectacle. These two words expressed something done to excite curiosity in order to target

us as a suspect in the eyes of the public. Now, the word **spectacle** made it clear that this was talking about an **impressive** display that shall be strategically staged. Display took us to view, and view took us to something that shall be constructed to give shape or form to; something manipulated, using great ingenuity. Staged we told you means the same as fiction, meaning something made up to deceive. Now we shall continue with the definition of **staged** coming from the word spectacle (“an impressive display, esp. something ‘staged’ ”).

*Chamber’s 21st Century Dictionary*, copyright 1996, on page 1368, characterizes the word **staged** as “to put on something.” **Put on**, recorded in *Webster’s New World College Dictionary*, Fourth Edition, copyright 2000, on page 1167, is “the act of hoaxing someone by playing on the persons credulity.” *Encarta World English Dictionary*, copyright 1999, on page 854, describes a **hoax** as “deception; an act intended to trick people into believing something is real that is not,” while **credulity** in *Webster’s New World College Dictionary*, Fourth Edition, copyright 2000, on page 341, is “tending to believe too readily, especially with little or no proof.”

We are being informed that the intent of President George W. Bush is to deceive or trick the public into believing that this “staged” event that he will make up and publish over TV, in photograph or picture form, by using high technology and sophisticated computerization is real, when in fact it is not. Why? Because he knows that the public tends to readily believe anything that he says with little or no proof. Case and point: He deceived and tricked the American People to believe that Saddam Hussein was a threat to them by claiming he had weapons of mass destruction. The majority of the American people readily believed what he said with little or no proof, never questioning his motive. This has resulted in a war, and guess what, to this day he has yet to turn up with those weapons of mass destruction. He shall use these same deceptive and crafty tactics to convince the people about us.

Now let us return to our definition of conjunction, coming from the word “and” (...**and** *upon his heads the name of blasphemy*), which is defined as “...an additional situation.” *Encarta World English Dictionary*, copyright 1999, on page 1676, describes **situation** as “a set of circumstances in a

plot.” On page 332, **circumstance** the singular of circumstances, is indicated as, “an event.” Based on these facts, the staged events that are to take place with the Nation of יהוה-- such as using high technology and sophisticated computerization tricks to deceive the public with *fictional* accounts of us--shall be a **plot** against us.

In conformity with *Chamber’s 21st Century Dictionary*, copyright 1996, on page 1067, **plot** is “a secret plan, especially one laid jointly with others for contriving some evil.” Thus, the President of the United States, George W. Bush, euphemistically called the beast in Revelation, Chapter 13, verse 1, has laid jointly with others to contrive some evil that later will be described in this seminar as the **heads** of this clause. **Contrive**, the root of contriving, in *The Cassell Concise Dictionary*, copyright 1998, on page 298, is defined as, “to bring about something,” while, evil, in Webster’s Universal College Dictionary, copyright 1997, on page 277, means, “suffering; to undergo, endure, or be subjected to pain, distress, injury, loss or anything unpleasant.” Considering these facts, President George W. Bush’s plan shall be to bring

suffering to the Saints of the Nation of יהוה, by causing them to undergo, endure, and be subjected to pain, distress, injury, loss, or anything considered unpleasant. First Peter, Chapter 3, verse 14 tells us:

***But and if ye suffer for righteousness' sake, happy are ye: and be not afraid of their terror, neither be troubled;***

The answer as to why we should not be afraid of their terror, neither be troubled as we suffer for righteousness' sake is found in Romans, Chapter 8, verses 17 and 18:

***And if children, then heirs; heirs of God, יהוה and joint-heirs with Christ, יהוה בן יהוה; if so be that we suffer with Him, that we may be also glorified together. <stop>***

If we suffer with יהוה בן יהוה, we shall also be glorified with Him. Continue with Verse 18:

***For I reckon that the sufferings of this present time are not worthy to be compared with the glory which shall be revealed in us.***

The suffering, pain, distress, injury, and loss that we shall undergo, endure, and be subjected to in this present time is not even ***worthy enough*** to be compared to the **GLORY**

which יהוה shall reveal in us. Praise יהוה. Now, having received comfort from these Scriptures, we shall continue with our examination of the word “plot.”

In *Encarta World English Dictionary*, copyright 1999, on page 1385, **plot** is defined as, “a plan decided on in secret, esp. to bring about a subversive act.” Just as President George W. Bush, in Revelation Chapter 13, verse 1, has laid jointly with others to contrive evil he has, in like manner, also laid jointly with them to bring about a subversive act upon the Nation of יהוה. What is the underlying cause of this subversive act?

Recorded in *Encarta World English Dictionary*, copyright 1999, on page 1782, **subversion**, the noun of subversive, is “a plan intended to undermine an institution.” In *Webster’s New World College Dictionary*, Fourth Edition, copyright 2000, on page 742, **intend**, the root of intended is characterized as “prospective.” And on page 1152, **prospect**, which derives from prospective, is implicated as, “something hoped for or expected; an anticipated outcome.” Hence, President George W. Bush shall use high technology and sophisticated

computerizations to trick and deceive the public with *fictional* accounts, saying that we are intentionally perverting the truth and breaching the law, he shall take these drastic actions hoping and expecting the public to believe it. His anticipated outcome shall be to undermine our institution. What does this mean? Before, gaining insight into how he plans to undermine us, we must first understand what constitutes an institution.

**Institution** is documented in *Webster's II New College Dictionary*, copyright 1999, on page 574, as "an established foundation, especially one dedicated to public service." *The Oxford Dictionary*, copyright 1960, on page 951, also identifies **institution** as "a foundation having a social, educational, or religious purpose," with **religious** in *The Synonym Finder*, by J.I. Rodale, copyright 1978, on page 1011, being synonymous to "spiritual." We have just been hit with some hard evidence to prove how the beast--identified as the President of the United States, George W. Bush--shall cause our Nation to suffer: undergo, endure, or be subjected to pain, distress, injury, and loss is through our foundation.

The “only” foundation that the Nation of יהוה has that is dedicated to the social, educational, and spiritual edification for religious purpose is the “**P.E.E.S.S. Foundation.**” As a matter of fact, “educational, social, and spiritual” comprise three letters in the acronym of P.E.**E.S.S**. Therefore, he is looking to undermine the **P.E.E.S.S. Foundation** before the world, using high technology and sophisticated computerization to create and construct *fictional* accounts to make it “appear” as though **P.E.E.S.S. Foundation** is guilty of intentionally perverting the truth and breaching the law. All of which shall be done in hope and expectation of convincing or persuading the public to not take to the wisdom, knowledge, and understanding that we are publishing about the “true” name of God, יהוה, and His Son, יהוה בן יהוה. We shall now define what it means to “undermine,” coming from the definition of “subversion” (“a plan intended to undermine an institution”).

*Webster’s New World College Dictionary*, Fourth Edition, copyright 2000, on page 1556, describes **undermine** as “to wear away the support of.” *Encarta World English Dictionary*,

copyright 1999, on page 1936, also describes **undermine** as, “to demoralize somebody by covert and malicious action.” The picture is forming clearer and clearer as to what he plans to do to us. We can see from these facts that President George W. Bush plans to cause suffering to our Nation by demoralizing us before the world using covert and malicious tactics, which he hopes and expects to wear away the support of the **P.E.E.S.S. Foundation**, the entity through which all of the teachings of the Messiah, יהוה בן יהוה, are published. Praise יהוה.

Referenced in *Bartlett’s Roget’s Thesaurus*, copyright 1996, on page 19, reference number 8.41, **wear away** means the same as “wear out.” Correct me if I am wrong, but was not it Satan’s job to wear out the Saints of the Most High? Daniel, Chapter 7, verse 25 answers that question, and it reads in part:

***And he [Satan] shall speak great words against the most High, and shall wear out the saints of the most High,...***

So, then, we can say that he is most definitely on his job. **Wear out**, in *Encarta World English Dictionary*, copyright 1999, on page 2011, means, “to **exhaust**,” which on page 624, means, “to say or write everything about, so that nothing is left to be discussed.” *Merriam Webster’s Collegiate Dictionary*, copyright 1999, on page 1184, defines **support** (from the word undermine; “to wear away the support”) as to “assist; help; to provide a basis of the existence or subsistence of.” Therefore, President George W. Bush, euphemistically called the beast in Revelation, Chapter 13, verse 1, is hoping and expecting to destroy the basis on which the continual existence and subsistence of the **P.E.E.S.S. Foundation** stands. To do this, he shall falsely edify the public about that which is published by the foundation while, simultaneously, demoralizing our belief in יהוה בן יהוה and His teachings to a degree that will seriously affect our ability to assist, help, and provide the public with the truth about the Messiah, יהוה בן יהוה, and His true mission here on Earth.

However, in spite of what President George W. Bush might do or say, he shall never completely stop the “divine” works of

יהוה בן יהוה. In order to demoralize us, he is going to say and write everything he can think up and imagine from his own vain thoughts, and then publish it in a covert and malicious manner. This action shall be taken against the Nation of יהוה and the **P.E.E.S.S. Foundation** hoping that there will be nothing left to be discussed about us.

We are in the process of defining the word “undermine,” from the definition of “subversion,” from the word “situation,” deriving from the definition of “and” in the clause, “...**and** upon his heads the name of blasphemy.” Undermine meant, “to demoralize somebody by covert and malicious action. In *Merriam Webster’s Collegiate Dictionary*, copyright 1999, on page 308, **demoralize** means, “to corrupt; to throw into disorder.” In the same reference source, on page 261, **corrupt** means, “to change from good to bad in morals, manners, or actions.” It also means, “to alter from the original or correct form or version.” Thusly, the intended plan of President George W. Bush is to change our morals, manners, and actions in the eyes of the public from good to bad. He is also looking to alter the correct form and original version of what

we say and teach, to make our message look bad in the eyes of the public--all in hope and expectation of throwing us into complete disorder.

*Chamber's 21st Century Dictionary*, copyright 1996, on page 384, documents **disorder** as, "confusion or disturbance; unruly behavior." Therefore, because he shall seek to convince the public that our morals, manners and actions are bad, and because he shall alter the correct form and original version of what we say and teach to make our message appear to be bad, then this shall cause it to look like there is confusion and disturbance among us in the eyes of the public. This confusion and disturbance among the public, stemming from the rhetoric of President George W. Bush, shall lead the public to believe that we are exhibiting unruly behavior. Our definition of undermine tells us that all of this shall be brought about using covert and malicious actions, which brings us to the next words we shall define: covert and malicious.

In keeping with *Encarta World English Dictionary*, copyright 1999, on page 417, **covert** reads, "see cover." On

the same page, **cover** is described as “to provide news of; to be responsible for reporting, videotaping, or photographing an event or particular class of events for a newspaper or a broadcasting company.”

In order to wholly demoralize us and the **P.E.E.S.S. Foundation**, President George W. Bush shall put it in the hands of someone to be responsible for publishing news of us; reporting, videotaping, and photographing our events, which shall be given to the media--print and electronic. *Chamber’s 21st Century Dictionary*, copyright 1996, on page 830, describes **malicious** as being “motivated by hatred.” Therefore, the action that President George W. Bush shall orchestrate towards us--to make someone responsible for publishing news, reports, videotapes, and photographs of our events to the media--will be motivated by his intense hatred for us and the moral message we teach.

We have now concluded our research on the word “and,” and its intricate parts from our clause, “...and **upon** his heads the name of blasphemy.” It is now time that we move on to define the second word, which is “upon.” In *Random House*

*Webster's Unabridged Dictionary*, copyright 2000, Computer Software, **upon** is referenced in the etymology section as "up and on." *Webster's Universal College Dictionary*, copyright 1997, on page 860, affirms that **up** means, "into operation." In the same reference source, **on**, means, "by the agency of."

Consistent with these facts, we can confirm that the secret plan that President George W. Bush will use to "demoralize" our Nation and the **P.E.E.S.S. Foundation** will be by making us appear as though we are intentionally perverting the truth and breaching the law. And as a result, he shall put into operation his plan to destroy us by using an agency within the government. Which agency?

*Chamber's 21st Century Dictionary*, copyright 1996, on page 23, identifies **agency** as the "United States: a government department providing a particular service." This clearly indicates that a department from within the United States government shall provide the particular service to President George W. Bush of demoralizing our Nation and the **P.E.E.S.S. Foundation** by being responsible for publishing inaccurate news, generating false reports, creating made up videotapes,

and developing fake photographs of our Nation. *Webster's Universal College Dictionary*, copyright 1997, on page 16, also identifies **agency** as, "an administrative division."

**Administrative** in *Webster's New World College Dictionary*, Fourth Edition, copyright 2000, on page 18, means, "connected with **administration**." On the same page, administration is described as "officials in the executive branch and their policies." This plainly validates that it shall be the "**officials**" of the *executive branch of the government* that shall use their policies to publish inaccurate news; generate false reports, create made up videotapes, and develop false photographs of fictional accounts against the Nation of יהודה and the **P.E.E.S.S. Foundation**. In researching, I found that the word "policy" has a whole different meaning from what I was thinking.

In the same reference source, on page 1114, the etymology of **policy** derives from the word "**police**," which on the same page means, "law enforcement." In addition, we see that the officials of the executive branch of government shall use their law enforcement agencies to publish inaccurate

news; generate false reports, create made up videotapes, and develop fake photographs of fictional accounts, stating that we intentionally pervert the truth and breach the law. In *Bartlett's Roget's Thesaurus*, copyright 1996, on page 81, reference number 53.7, **law enforcement agency** is the same as, "Federal Bureau of Investigation (FBI), the Justice Department, and Central Intelligence Agency (CIA). The whole picture is beginning to come together now: as it shall be given to the FBI, Department of Justice, and the CIA working as agencies under the executive branch of government to be responsible for publishing inaccurate news, generating false reports, creating made up videotapes, and developing fake photographs of us. Why? So President George W. Bush can bring his secret plans into immediate action and full operation. These agencies shall be the entities that shall turn over reports, videotapes, and photographs that have been manipulated by high technology and sophisticated computerizations to the media.

These things shall be done in the same fashion and by the same entities that have come against the Messiah, יהוה בן יהוה.

It was prophesied in Luke, Chapter 23, verse 26, we would bear the same cross after Him. Is it not a fact that they (the government) took the cross from the Messiah's back and laid it upon one Simon? Our nation is that one. Let us read Luke, Chapter 20, verses 19 and 20:

***And the chief priests and the scribes the same hour sought to lay hands on Him [יהוה בן יהוה]; and they feared the people: for they perceived that He [יהוה בן יהוה] had spoken this parable against them.***

***And they watched Him [יהוה בן יהוה], and sent forth spies, which should feign themselves just men, that they might take hold of His words, that so they might deliver Him [יהוה בן יהוה] unto the power and authority of the governor [government].***

In the same way that they laid hands on the Messiah, בן יהוה יהוה, because they feared the people perceiving that He spoke **parables** against them, the government shall, likewise, perceive us in the same fashion. In *The Synonym Finder*, by J.I. Rodale, copyright 1978, on page 843, **parable** is synonymous to "Bible." Thus, they feared יהוה בן יהוה because they perceived that He used the Bible against them. Because they believed this, they shall also perceive us in the same way:

that we are speaking prophecies in the Bible against them.

The FBI, the Department of Justice, and the CIA shall send spies that shall feign (disguise and plant) themselves as **just** men so they can hear (report and videotape) the words that we speak in order to deliver us to the power and authority of the governor. It was the same with the Messiah. Proof? *The Synonym Finder*, by J.I. Rodale, copyright 1978, on page 468, describes **governor** as being synonymous to “president.”

We have concluded our research of upon. The next word in the sequence to define from this clause is “heads”--“...and upon his **heads** the name of blasphemy.” *Webster’s New World College Dictionary*, Fourth Edition, copyright 2000, on page 654, substantiates that **heads** is, “top.” On page 1509, **top** means, “summit,” which on page 1434, is “the highest level of officials.” Hence, irrefutable documentation is pointing out to us that the highest level of officials from within these agencies of the executive branch of government shall be responsible for seeing that the Nation of יהוה and the **P.E.E.S.S. Foundation** is demoralized in all the media: the newspapers, TV, radio, Internet, magazines, and the like. We must now determine

who the highest level of officials is within these agencies. We shall do so by examining each agency, and we shall begin with the Federal Bureau of Investigation.

*Black's Law Dictionary*, Abridged Seventh Edition, copyright 2000, on page 495, attests to the fact that the **Federal Bureau of Investigation (FBI)** is “a division of the United States Department of Justice charged with investigating all violations of federal laws, except those specifically assigned to another agency.” From this, we can perceive that the FBI is a division of the Department of Justice; therefore, in order to pinpoint its highest level of official, we must define “Department of Justice.” In the same reference source, on page 354, **Department of Justice** is “the federal executive division that is responsible for the federal law enforcement and related programs and services. The U.S. Attorney General heads this department... .” There we go: We can conclude that the highest official of the FBI, in the Department of Justice is the *United States Attorney General*: John Ashcroft. We are not finished. We still have the Central Intelligence Agency.

Documented in *Microsoft Encarta 96 Encyclopedia*, copyright 1993-95, Computer Software, “**Central Intelligence Agency (CIA)**, is an “agency of the Executive Office of the President of the United States, created in 1947, together with the National Security Council.” According, to World Fact Book, Internet Version, under **Central Intelligence Agency** it also reads: “George J. Tenet was confirmed in 1997, and is the current Director of Central Intelligence (DCI). The DCI serves as the head of the U.S. Intelligence Community, principal advisor to the President for Intelligence matters related to national security, and head of the Central Intelligence Agency (CIA).”

Let us stop to look at these facts for a moment: We have gathered from our research that the highest official of the CIA is the Director of Central Intelligence who is George J. Tenet, and that the CIA does not work alone. The CIA works together with the National Security Council. This only leaves us to conclude that since the CIA works with the National Security Council, then we must know their highest official, as well. In *Microsoft Encarta 96 Encyclopedia*, copyright 1993-95,

Computer Software, “**National Security Council (NSC)**, is an “agency of the executive office of the president of the U.S., created by the National Security Act of 1947. The four statutory members are the president, the vice president, and the secretaries of state and defense.” Currently, the *National Security Advisor* is Condoleeza Rice, the *vice President* is Dick Cheney, the *Secretary of State* is Colin Powell,” and the *Secretary of Defense* is Donald Rumsfeld. Thus, as this clause reads, “...and upon his (President George W. Bush’s) **heads...**,” it means that it was given to his highest level of officials--such as John Ashcroft, George J. Tenet, Condoleeza Rice, Dick Cheney, Colin Powell, and Donald Rumsfeld--who work in agencies under the executive branch of government to lay jointly with President George W. Bush in his secret plan to demoralize the Nation of יהודה and the **P.E.E.S.S. Foundation** to bring an end to the moral message that we teach.

Since, we have now discovered who these **heads** or highest officials are, we can now move on to the next word in the clause, “...and upon his heads the **name** of blasphemy,” which is “name.” **Name**, in *Encarta World English Dictionary*,

copyright 1999, on page 1201, means, “reputation.” *Webster’s New World College Dictionary*, Fourth Edition, copyright 2000, on page 956, describes **reputation** as, “character in view of the public.” In accord with this, it shall be the highest officials of the executive branch of government--John Ashcroft, George J. Tenet, Condoleeza Rice, Dick Cheney, Colin Powell, and Donald Rumsfeld--that shall provide the particular intelligence of giving fictional accounts against the Nation of יהודה and the **P.E.E.S.S. Foundation**, generating false reports, creating made up videotapes, and developing fake photographs, which they shall feed to the print and electronic media. This particular service that they will provide shall be in order to destroy us and give us a bad reputation in the public’s view.

**Name**, also means, on the same page, “the general character of being thought of as specified.” This validates that whatever they say or write about us in their reports or whatever videotapes or photographs they use to come against us, they will hope and expecte that the public will think of us as specified. *Encarta World English Dictionary*, copyright

1999, on page 1718, defines **specify**, the root of specified as “to state or identify something in detail or explicitly.”

Therefore, they will identify us in detail and explicitly over international TV, by using high technology and sophisticated computerization to manipulate their videotapes and photographs. *Webster’s New World College Dictionary*, Fourth Edition, copyright 2000, on page 392, tells us that **detail** means, “to cut up or to cut.” **Cut up**, as defined in *Webster’s New World College Dictionary*, Fourth Edition, copyright 2000, on page 358, means, “to criticize harshly.” *Webster’s New World College Dictionary*, Fourth Edition, copyright 2000, on page 344, characterizes **criticize** as, “to analyze or judge as a critic,” while the *Encarta World English Dictionary*, copyright 1999, on page 428, defines **critic** as “a writer of reviews; somebody, especially a journalist, who writes or broadcasts opinions.”

From this, we can confirm that they will use the journalists to write and broadcast their harsh opinions about us to shape or form the views and the opinions of the public. Let us continue by defining “cut” from the definition of detail.

In the *Webster's Universal College Dictionary*, copyright 1997, on page 201, cut, means, "printed pictures; edited versions of films." This tells us that the newspapers shall produce printed pictures of us that have been manipulated by high technology and sophisticated computerizations. You know, just like they have in the tabloids. The broadcasting companies shall have edited versions of films, to stage the *fictional* accounts that shall be brought against us--whatever they have to do to destroy our good reputation before the world.

We shall now define the word "explicit" from the word "specified," as we are defining the word "**name**" from the clause, "...and upon his heads the name of **blasphemy**." In *Encarta World English Dictionary*, copyright 1999, on page 628, **explicit** is defined as, "portraying sexual activity in an open and direct way." As unbelievable as it may sound, they shall stage edited versions of films that have been manipulated by high technology and sophisticated computerizations portraying us involved in sexual activity in an open and direct way--all with the anticipated outcome of ruining our good reputation.

Now to answer the question that we have left hanging, why are they seeking to pick apart our nation and discredit us before the world? The answer is found in our last word to decode from this clause, “blasphemy.” Referenced in the *Hebrew Greek Key Study Bible, Lexical Aid To The New Testament*, copyright 1991, reference number 988, the Greek word for **blasphemy** is *blasphemia*, and it “denotes the very worst type of slander; wounding one’s reputation by evil reports, evil speaking. Used in especially a religious sense; blasphemy toward or against God; against the Holy Spirit including resistance against the convincing power of the Holy Spirit.”

As a result of these definitions, we have factual evidence to substantiate that we shall suffer, endure, undergo, and be subjected to the worst type of slander campaigns, evil reports, and evil speakings, all because the beast, factually proven to be President George W. Bush, has something **against** God, יהוה בן יהוה, and, therefore, is **resisting the convincing power of the Holy Spirit**. What is the Holy Spirit that is so

convincing to make him want to resist it? This must be something very powerful.

Referenced in *Webster's New World College Dictionary*, Fourth Edition, copyright 2000, on page 682, **Holy Spirit** is "the spirit of God." Thus, President George W. Bush wants to resist the Spirit of יהוה that is in us, the Nation of יהוה. In the same source of reference, on page 1382, **spirit** means "to prophesy; to engage in divination." First, "prophesy." On page 1150, **prophesy** means, "to speak as a prophet," which on the same page, **prophet** is an "interpreter of God's will." Thus, President George W. Bush's intent is to destroy and discredit our reputation in the view of the public with evil reports and evil speakings because he wants to resist the convincing power of יהוה that is in us, and he also wants to prevent us from speaking as interpreters of the will of יהוה. This is why he wants to alter the correct form or original version of what we teach because he does not want the public to be convinced of our "true" message. In the *Webster's New World College Dictionary*, Fourth Edition, copyright 2000, on page 319, **convincing** means, "persuaded as by evidence." In other

words, he wants to stop us from serving as interpreters of the will of יהוה, because he does not want the people to be persuaded to our side by the overwhelming evidence we are speaking and prophesying about about יהוה, and His Son, יהוה בן יהוה.

Now, the second definition of **spirit**, from the definition of blasphemy is “to engage in divination.” On the same page, in the same source of reference, **divination** is “the practice of foretelling the future or exploring the unknown; an intuitive perception; augury.” In *Webster’s Universal College Dictionary*, copyright 1997, on page 431, **intuition** is “direct perception of truth; a keen and quick insight.” In light of this fact, President George W. Bush--along with His highest ranking officials in the executive branch of the government: John Ashcroft, George J. Tenet, Condoleeza Rice, Dick Cheney, Colin Powell, and Donald Rumsfeld--is hoping and expecting to stop us from exploring that which is unknown in the Scriptures. They are seeking to stop our practice of foretelling the future as written in the Bible. They know that we have received direct perception of the truth from יהוה, Himself, and

that we have keen and quick insight into the interpretation of the will of יהוה as written in the Bible. They realize that the Spirit of יהוה is in us. Our facts prove that it is the Spirit of יהוה that reveals auguries to us.

What is augury? In *Webster's Universal College Dictionary*, copyright 1997, on page 52, **augury** is "the art or practice of divination from omen." In Bartlett's Roget's Thesaurus, copyright 1996, on page 357, reference number 358.5, **omen** is synonymous to "writing on the wall." We have crystal clear evidence to conclude that the bottom line is this: President George W. Bush, along with those who have laid jointly with him--John Ashcroft, George J. Tenet, Condoleeza Rice, Dick Cheney, Colin Powell, and Donald Rumsfeld--do not want us to interpret the will of יהוה. יהוה has given us the keen and quick insight, which is an intuitive perception of the Bible to prophesy of the "**handwriting on the wall**" (Daniel Chapter 5). This is what they are most afraid of. Daniel Chapter 5 tells us that the handwriting on the wall is a sign that President George W. Bush's kingdom is **FINISHED**. Quite frankly, he wants to resist the sign that his kingdom is

finished. He does not want to be persuaded that his kingdom is finished, and neither does he want us to persuade the masses of the people with our overwhelming evidence of such. What better way to resist the truth than to shut up those who speak it?

He wants to **resist** the convincing “power” of the Holy Spirit--the truth. In the *Webster’s New World College Dictionary*, Fourth Edition, copyright 2000, on page 1220, **resist** means, “to fight or work against; to refuse to cooperate with or to submit to.”

Hence, President George W. Bush, and his highest officials of the executive branch of government--John Ashcroft, George J. Tenet, Condoleeza Rice, Dick Cheney, Colin Powell, and Donald Rumsfeld--intend to smear our reputation in the print and electronic media, so that they can continue to fight and work against the will of יהוה, which He has given to us to interpret. They refuse to cooperate or submit to the power of יהוה. However, we the Nation of יהוה, have news for them,

*“every knee shall bow and every tongue shall confess,”*

according to Romans, Chapter 14, verse 11:

***For it is written, As I live, saith the Lord, יהוה,  
every knee shall bow to me, and every tongue  
shall confess to God, יהוה.***

Conclusively, in spite of how they work against us, and in spite of the suffering that they may cause us, the Nation of יהוה, we shall forever stand to testify to the world that יהוה is God, and that the Messiah, יהוה בן יהוה, is here, and that the kingdoms of this world shall become the Kingdom of יהוה--Heaven (Revelation, Chapter 11, verse 15). Regardless of the evil reports, made up videotapes, and fake photographs that shall be manipulated, using high technology and sophisticated computerization, to come against us, יהוה has reserved those of us who truly belong to Him to not be moved by this slander campaign. For we--the followers of יהוה, the Nation of יהוה--know that this slander campaign is not worthy neither can it be compared to the “glory” that יהוה shall reveal in us. On this note, may the Spirit of יהוה be with us all--chazaq veamats (be strong and courageous).
